

TESTIMONIALS

"I am writing to commend the teachers and staff of Kaesac Learning Centre at Marine Parade Central. My son, Cylus has been with the centre for 3 years and he enjoys the Maths and Science classes to a large extent. The teachers at the centre are patient and dedicated and they mix very well with the students. Not to mention, the admin and counter staff are very prompt, efficient and friendly in their service.

Unlike other tuition centres that commercialize academic enrichment and treat students like workers in a production line, teachers at Kaesac attend to the individual needs of the students and focuses on improving their weak areas. Such method enables students to attain an overall balanced and high academic results. Throughout his studying years at Kaesac, Cylus has been able to achieve consistently good Maths and Science results. This is apparent in the fact that at P5, he was posted to the elite class of that level in the whole school. At P6, again he was posted to the class of the "Cream of the Crop" in which the school invests tremendous amount of resources on grooming the students to represent the school in many national level competition including the Maths Olympiad.

We are pleased with the excellent academic guidance that this centre has provided our son, and we hope that it will continue to do so and that more students can benefit from it in future.

Thank you and regards"
